

IMPORTANT INFORMATION FOR ALL STOP APPLICANTS

All STOP Projects must apply under the NEW RFP to be funded. There are no STOP continuations in 2014.

Letter of Consultation and Consultation Certification

State agencies, units of local governments (cities and counties), and faith based organizations (except for tribal) are required to provide a Letter of Consultation and Consultation Certification. These applicants must consult with their local victim service provider* during the course of developing their grant application in order to ensure that the proposed activities are designed to promote the safety, confidentiality, and economic independence of victims. If there is not a victim service provider in the area or one that you work with, consult with the Idaho Coalition Against Sexual and Domestic Violence.

*Revised definition of victim service providers from the Violence Against Women Reauthorization Act of 2013 - The term 'victim service provider' means a nonprofit, nongovernmental organization, tribal organization, or rape crisis center, including a State or tribal coalition, domestic violence shelter, faith-based organization, and other organization that assists or advocates for victims of domestic violence, dating violence, sexual assault, or stalking, and has a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking.

Match

All agencies (except for tribal and non-profits with 501(c)(3) status) must provide match.

Memorandum of Understanding (MOU)

A signed MOU must be submitted with the application if the applicant is working with another agency or organization to meet the proposed grant funded program objectives. If a signed MOU cannot be obtained before the due date, contact PGR before submission.

Services to Youth and Men

Although STOP funds can pay for services to youth and men, the project must target women, unless it is under one of the two specific new purpose areas.

- For prison rape
- For addressing the needs of victims whose ability to access traditional services is affected by their sexual orientation or gender identity

If you have any concerns, questions, or would like to talk about your application, please call or email PGR at 884-7040 or pgr@isp.idaho.gov.
